That should be fine. Thanks for your help.

No problem, I'll work on that this week and next and get it to you soon. I'm working on our monthly invoices with our subs and knee deep in phone calls and emails as everyone is learning our new system for doing things. If you need this information from me sooner please let me know, otherwise I'll have it to you in the next week or two.

Thanks!

Carrie

There is no reason on my end why you wouldn't be able to bring them on now.

On a related note, I know you have added several subs for this new contract period. I'm needing to get the public A2A website updated sometime in the near future, so it would be very helpful if you could provide a list of all your subs, their address, phone numbers, and counties served.

Good Morning Emily,

Attached is required paperwork for a new subcontractor. Can we bring MyLife Medical and Resource Center on as a new subcontractor in this cycle or do we need to wait until the new cycle begins in July?

Let me know if you need anything else from them.

Thanks!

Carrie
